SUPERHOT, 2016

**Connecting two
otherwise unrelated
elements.**

Game **genre**

System **time**

Protagonist goes through **cycle of activities**

Match different (mini-)games

Cycle is **synced** to **system time**

Non-interactive transitions

Player **tunes in**, more like **television**

Experimental Aspects

System **time**
defines **gameplay**

Indirect choice
over game genre

World **independent**
of player

Project **USPs**

Perfectly fits
agile development

Variety through
different genres

Design for **different**
play **sessions**
